AFG Industries, Inc., Cinnaminson, New Jersey  
EPA I.D. No. NJD055541320

Gentlemen:

AFG Industries, Inc., Float Glass Manufacturing Facility located at 2600 River Road in Cinnaminson, New Jersey discontinued operations on December 31, 1989, as stated in my letter dated January 5, 1990, and in my correspondence dated October 17, 1990, we were planning to start the heat-up of the furnace by February 1, 1991.

At this point in time, our facility in Cinnaminson has been put on a indefinite inactive status. No timetable has been defined yet for the reopening of this plant. As stated previously, no operational or process changes will occur during this idle time.

AFG understands that EPA ID Number NJD055541320 will still be valid for this facility during shutdown and upon reactivating manufacturing operations. Annual Generator reports will be submitted based on shipments (manifests) from the prior year, if applicable. We understand the NJDEP, Division of Hazardous Waste Management will supply these forms to AFG when they are required.

U. S. EPA Region II

U.S. ENVIRONMENTAL PROTECTION AGENCY  
NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

**INSTRUCTIONS:** If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).

PLEASE PLACE LABEL IN THIS SPACE

Dear Mr. Abrines,

Please modify our EPA ID generator permit to include the generation of a waste material created by our batching operation. This material will include approximately 10 - 20 parts per million of selenium oxide. This waste will be generated at the same location as the waste oil presently included in our generator ID number. Our ID number is NJD055541320.

**ACKNOWLEDGEMENT OF NOTIFICATION  
OF HAZARDOUS WASTE ACTIVITY**

11/01/90

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.
